

Range: HAND-DRYER

Ref: 60362 - E-DRY Hygienic hand-dryer

> Description:

- Automatic infrared, self-adjusting, hand dryer with anti-blocking device (automatic shut-off after 60 sec of continuous use).
- Perfectly adapted for people with a disability or using wheel chairs thanks to its wide drying area and its vertical position and front access.

> Specifications:

- Drying time: 10 to 15 seconds
- Air discharge speed: 75-95 m/sec
- Power: 1600 W
- Operating voltage: 220/240 V / 50/60 Hz
- Sound level: 69.6 to 72.8 dB at 1 meter
- Sensor range: 170mm ± 20mm (adjustable)
- IP21

> Hygiene:

- 3 filters: HEPA filter, charcoal filter and antibacterial filter
- Equipped with ceramic absorber: no stagnating water

> Safety:

- 70°C thermostat allowing a constant 55°C air stream
- Auto resetting thermostat turns unit off at 85°C (185° F)
- Thermal fuse cuts unit off at 142° C (288° F)

> Energy saving:

- Heater switch that can turn the heater ON & OFF (the heater switch doesn't affect the drying time)
